Globalists, socialists + DEMs are the product of idealism always fool + lure the young into violence, riots, wars ...to change the world

Racial bigotry, anti-Semitism, and hatred in all forms... Revolution... Racism, Capitalism, Socialism or any kind of label ... is just a sub category of / derived from ... idealist vs realist ... mind driven vs. heart driven Believe in human greedy or not believe ...

Most of public education based on rational inherit from the old socialism system back to 1900s idealism to change the world ... be careful

The earth is not heaven or hell. It combine two kinds: evil vs good, idealist vs realist, dogmatic vs pragmatic, mind vs. heart ... Wars and Peace interchange and are unavoidable good people expect evil leave them alone .. Evil wants to change the mind of the others and eliminate all of the difference

Transform/change the world for only/mostly evil or only/mostly good is impossibleJesus, Christ, Buddha, or any kind of God either cannot do that and do not want to do that

Hitler, Mao, Marx, Communists, Socialists, Globalists, Pope Francis globalist, Dalai Latma globalists, most of Nobel Laureates, dogmatic professors, liberals, progressive ... want to do such things ... and all failed and will fail Human beings suffered and will suffer more

Accept / tolerance of the difference is the key for Peace ... Killing half of human beings (billion) or just a few million evil or good ... or eliminate the difference will never be successful

**** (Victor Hugo, Les Miserables)

"Our hearts are so fluctuating, and human life is such a mystery that, even in a civic murder, even in a liberating murder, if there is such a thing, the remorse of having struck a man surpasses the joy of having served the human race."

" Moreover, certain natures being given, we admit the possible development of all beauties of human virtue in a belief that differs from our own..."

Mostly, there are two kinds of human beings

The one driven by the mind and tend to rational, logic, plans, over-confident ... It is the idealists, socialists, globalists they believe they can express everything by words, fix any problem, change everything, establish human law overdrive the natural law/divine law, rule the world by the rational mind

Idealists with the impulsive beautiful dream and the very logic of the minds always initialize violence, wars because they cannot tolerate the difference ... Their mind do not allow them to stop thinking, dreaming, doing something They are very confident and always go by the End justify the Mean. Their mind make them to believe they know everything, always right look at Obama, Hillary, Clinton, Journalists, They really do not know the limitation of human beings and the illusion of the mind ...They have no fear, no god, no karma, no ethics, no moral

Another kind of human beings are always doubt about their mind, unsure about themselves ... It leads them to sympathy, compassionate, self-sacrifice for the others ... easy to accept the Diversification, tolerance of the difference .. and they always be hurt by the above people for their self-constrain.... until they cannot bear the tyranny of the mind driven people

The earth is not heaven or hell. It combine two kinds: evil vs good, idealist vs realist, dogmatic vs pragmatic, mind vs. heart ... Wars and Peace
