For the young, the poor, new voters, new citizen, non native language .. not to be fooled and lured into violence, war, get killed, assassination ...by DEMs socialists + politician, professors, and other dogmatists

Who like and tend to be Socialists + liberals + dEmS ??? It is the young, the poor, the artists, the writer, teacher, professor, LGBTQ, the lawyer, journalists, politicians all kind of people live by rational, logic, dreaming, fantasy mind ... It is mind driven people They feel boring if they cannot image something interesting and easy to rebel all of current environment They cannot accept / tolerate the difference of the others they want to change the other mind and the current environment by all mean they always go by the End justify the Mean

Socialism is the old stuff at the beginning of 19th century. The dawning of logic + science + plain philosophy ... People believe they can express everything by words, by science, by pure logic + inference + empiricism ... They plan everything from their personal life to national and international Their plans are very logic, very persuadable, no one can figure out the flaw ... until plans failed ... because they did not know the limitation and the illusion of human mind ...

Idealism produce all kinds of socialism: Nazi superior-race national socialism, Japan Big Asia socialism, Fascist socialism, Communist socialism, Dems socialism, Global socialism, Christian socialism as by Pope Francis, Muslim socialism, Buddhist socialism as by Dalai Lama and the dogmatic, arrogant, atheist scientists + professors ...

The core of socialism is the common property concept of human kind that requires a center big government to manage everything, rule all ... that leads to the need to destroy all obstruction by all mean, intolerance the difference, become arrogant, tyranny, violence, wars based on their believe in "the End justify the Mean ..."

The bottom line of socialists, scientists, atheists ... are no god, no nation, borderless, no flag, citizen of the world, no karma, no ethics, no moral all of such things are just the products of the mind

The habit of socialists is to adhere to dogmatic, using old stuff of 19th century, learn books /quotes by heart and talk like school boys they are experts in plagiarism ...

By never-come-true dreams, only idealists can have the power to fool/lure million emotional young into big war, murders, riots, violence...

Change the world and the other for better ????? Be careful

Mostly, there are two kinds of human beings

The one driven by the mind and tend to rational, logic, plans, over-confident ... It is the idealists, socialists, globalists they believe they can express everything by words, fix any problem, change everything, establish human law overdrive the natural law/divine law, rule the world by the rational mind

Idealists with the impulsive beautiful dream and the very logic of the minds always initialize violence, wars because they cannot tolerate the difference ... Their mind do not allow them to stop thinking, dreaming, doing something

.... They are very confident and always go by the End justify the Mean. Their mind make them to believe they know everything, always right look at Obama, Hillary, Clinton, Journalists, They really do not know the limitation of human beings and the illusion of the mind ...They have no fear, no god, no karma, no ethics, no moral

Another kind of human beings are always doubt about their mind, unsure about themselves ... It leads them to sympathy, compassionate, self-sacrifice for the others ... easy to accept the Diversification, tolerance of the difference .. and they always be hurt by the above people for their self-constrain.... until they cannot bear the tyranny of the mind driven people

The earth is not heaven or hell. It combine two kinds: evil vs good, idealist vs realist, dogmatic vs pragmatic, mind vs. heart ... Wars and Peace interchange and are unavoidable

No need + nothing can change or advice the mind of the idealists, socialists, globalists ..

Still for the People follow their heart there is best method should consider:

"Always prepare for the worst, if it does not happen, we are lucky, if it happens, we are not surprise and have enough time ... A reasonable response can stop the evil futher action ..."

All big wars, violence, riots ... initialized by idealists Idealism produce all kind of socialism, globalism such as Nazi super race national SOCIALISM, Japanese Big Asia SOCIALISM, Communist SOCIALISM, Global SOCIALISM, Dems SOCIALISM, Muslim SOCIALISM, and Christian global SOCIALISM, by Pope Francis, and Buddhist global SOCIALISM, by Dalai Lama (Jesus and Buddha do not recommend a center Gov. to destroy all obstacles for such heaven on earth, a human law overdrive all natural/divine law . . .)

Idealism is the product of fantasy mind based on pure logic, pure inference ... What wrong with the very logic, perfect rational, coherent logic ????? what wrong with beautiful idealism ??? what wrong for driving by the mind, like monkeys ???

** Human mind has limitation, it cannot know everything, describe everything, see everything, naming/labeling everything totally believe in fantasy mind will become monkeys that burn the entire world, kill half of the nation, as in 1940s children kill parents to protect their socialist Gov....

** Human nature is self-interest mixed with greed, anger, desire White make law benefit white children, black for black children, Jap for Jap children, Chinese for Chinese children, women for women, men for men ... A center big Gov is a center of crooks, ineffective, waste,

As long as people still driven by fantasy mind, believe totally on the mind, rational that lead to no karma, no god, no punishment ... success or failure

totally depends on the rational of the mind.... the world still has horrible wars

If we admit that human life can ruled by reason, the possibility of life is destroyed.

If we assume as the historians do that great men lead humanity to the attainment of certain ends--the greatness of Russia or of France, the balance of power in Europe, the diffusion of the ideas of the Revolution, general progress, or anything else--then it is impossible to explain the facts of history without introducing the conceptions of chance and genius.

American population includes:
Christian 75%, Atheist 19%, Other religion 6%

It is ridiculous to say US as Atheist nation Atheist or not Atheist
It is the choice We cannot say both or mix of non Atheist and non-
non Atheist or using any disguised label ...

I am a true Buddhist ... However ...

We must choose Christian, Atheist, or other religion to represent the
will + culture of American ... no wandering / fantasy mind for
example if a nation has 60% Chinese, then that nation is China,
cannot label Russia... If 60% Muslim, that nation is Islam

Why we cannot say US is Christian nation ????. Why we deny 75%
American believe in God and comply the view of 19% Atheist ???

Forget about globalism, internationalism, socialism ... all of that is the
product of pure rationalization Some of nations declare as Muslim
nation, some are Buddhist , the communists declare Atheist ... to be or
not to be

Citizen is attacked / assaulted at any time just because of their MAGA
hat or shirt POTUS and other American are threatened for
assassination 1.7 million of 1.7 billion Muslim vows to kill Christian
..... What is the law of USA and the Constitution ????. It is interpreted
by the mind that always wandering + fantasy .. pure rationalization ...
of DEMs+GOP judge who always follow dogma ...

James Robart is an example of the judge wandering / fantasy mind
.the committed fallacy of emotion to consider the refugees'
convenience instead of American Safety one divine judge can
erase the will of 75% American vote ...

American cannot let dangerous people enter US just because they are
Muslim

The problem with The Three Branches of Government is that the
Judicial (Supreme Court and some lower Courts) is not come from the
American Vote ... The Judicial is for DEMs+GOP politics not American
as the whole....They are like communists in 1930s using the
rationalization for everything pure rationalization For example
75% American against abortion ... but SCOTUS can against the Will
of American by pro-abortion Even against 80% or 90% American
Vote with the so-called judge / politician of the highest intellectual of
human beings.

No one can touch the judge who serve the globalists of UN, EU,
foreign agenda American cannot vote them out The only thing
judges are scared of is the assassination of their own party

The Judicial also need a term limit to match the Will of American that
always changing by time and in case of the brain of the Judge +
politicians burned out, infected by the disease of globalism / socialism
/ communism / Radical Islam / Teen nudes Photos

Look at the fall of socialism, then will understand the dangerous of
the mind that always wandering / fantasy... ideology + pure
rationalizationthen will understand the globalism,..... and then give
up your arrogant ... then easily tolerance the difference .. then know
how to listen the voice of American as well as other nations ... and all
human beings

There should be no such highest level of intellectual above American Will ...

Do you still believe in their intellectual ??? Impartial? Read this fact: ... White always make law benefit white, black benefit black, man for man, woman for woman, Chinese for Chinese ...

[facebook.com/permalink.php?story_fbid=345174175833939&id=100010240777404](https://www.facebook.com/permalink.php?story_fbid=345174175833939&id=100010240777404)

The theory "the Veil of ignorance" by John Rawls:

The absolute justice exists only if :

" no one knows his place in society, his class position or social status; nor does he know his fortune in the distribution of natural assets and abilities, his intelligence and strength, and the like." [1] The idea of the thought experiment is to render obsolete those personal considerations that are morally irrelevant to the justice or injustice of principles meant to allocate the benefits of social cooperation. The veil of ignorance is part of a long tradition of thinking in terms of a social contract. The writings of Immanuel Kant, Thomas Hobbes, John Locke, Jean Jacques Rousseau, and Thomas Jefferson offer examples of this tradition..... "

When a mad woman is dangerous, threaten the life of the others, she must be in jail It is not about discrimination on sexism

When refugees come from the 7 nations that threaten to kill American, they must be selected carefully and ban for our children safety ...

If the refugees is Muslim, a woman, an old man, a Mexican ... it does not mean we have to let them in

" The Will, generally, is that faculty of the mind which selects, at the moment of decision, the strongest desire from among the various desires present. Will does not refer to any particular desire, but rather to the capacity to act decisively on one's desires. Within philosophy the will is important as one of the distinct parts of the mind, along with reason and understanding. It is considered important in ethics because of its central role in enabling a person to act deliberately"

USA should update the system to reflect the Will of American ... And the Will of American does not need to match the will of African nations, globalists, or UN ... or any kind of stupidity of the intellect / dogma

State rights must represent the Will of the People ... not by wandering + fantasy mind + ideology + pure rationalization

Trump opponent is not just a Democrat .. It is a system of corruption with a very strong force including 268 millionaires by both Republicans and Democrats in Congress, plus thousands billionaires+ millionaires around the world who live and enrich on the practice of globalization including FANG (Facebook, Amazon, NetFlix, Google) .. owners of CNN, BBC, ABC, CBS, NewYork Times, Washington Post world leaders such as Japanese Prime Minister, German, French President, Chinese, Muslim countries ..

It is the real war of American against the world globalists UN Muslim nations Media

" ...A convention of states is a convention called by the state legislatures for the purpose of proposing amendments to the Constitution. They are given power to do this under Article V of the Constitution. It is not a constitutional convention...."

The problem: the state legislatures like Congress are politicians Most of the time they have the same mind set and most of them in the same partytheir purpose is to keep their career Human self-interest is the nature of human beings The beautiful logical dream of Communism, socialism, globalism failed just because It fit only in heaven or hell Constitution must make sure to prevent the human self-interest

The weaker + unclear the law, the stronger the rioters ... the source of violence + hatred

facebook.com/permalink.php?story_fbid=390153958002627&id=100010240777404

There are two ways for USA specific situation to rest in peace and stop all rioters, violence, bullying,

1) The OPEN CARRYING OF FIREARMS (without concealed permit as long as legally purchase) can deter rioters + violence as long as law enforcement are afraid of falling the trap of Obama Dems like Syria, Libya let Citizen protect themself by deterring the evil.. ..OPEN CARRYING OF FIREARMS will cause rioters kill rioters ... and Rioters keep themself away from Good citizen.... in case of civil war, good citizen can finish the dEm's rioters without mercy and no need for Government Intervention ...

2) The best way to make USA in peace is new Trump FBI, CIA, DOJ, SCOTUS ..bring all criminals to the court: Obama (start with birth certificate), Hillary (email), Bill (Clinton foundation), Comey, Lynch, Soro, all millionaires, billionaires crooked politicians...Media lying, fake poll, fake news, Madam president printing ... (CNN, ABC, CBS, NewYork Times, Washington Post)..... machine voting fraud, dead/illegal vote burning flag ... inciting hatred violence..... The truth will make all American happy and heal the wounds of the nation and clean up the brainwashed/indoctrinated mind ...

For the young in the future to remember Dems + Mexico incited hatred, violence

DEMs ...Violence, beating, cussing, assassination, lie ...

privacy, citizen of the world, one central government, no god, no religion ...

*** Pragmatic + realistic + nationalism is the source of Love, Peace, Happiness, Tolerance of difference, Selflessness... It comes from the heart

*** Fallacy: personal attack

..substitutes abusive remarks for evidence when attacking another person's claim or claims. This line of "reasoning" is fallacious because the attack is directed at the person making the claim and not the claim itself. The truth value of a claim is independent of the person making the claim. After all, no matter how repugnant an individual might be, he or she can still make true claims.

*** Fallacy: Straw Man

..simply ignores a person's actual position and substitutes a distorted, exaggerated or misrepresented version of that position. This sort of "reasoning" is fallacious because attacking a distorted version of a position simply does not constitute an attack on the position itself. One might as well expect an attack on a poor drawing of a person to hurt the person.

Avoid being brainwashed/indoctrinated by Media, Press, Dems, dogmatic socialist + globalist, ideology, ...

Never attempt to change the other minds of people who think differently ... However, never miss the opportunity to show the people who already think the same that they are not alone.....

President Trump should hire more people like him: .. cannot be bought ... willing to bring benefit to the nation rather than get rich by doing politics ... pragmatic true patriot nationalist ...

Upright, uncrooked billionaires/millionaires should be first on the list to serve the nation... those people like Trump want to pay back as their appreciation to the great USA

It is the end era of crooked socialists + globalist + dogmatic professors

There is a simple saying that can help people escape the trap of socialism ... including Nazi superior race socialism, Fascist socialism, Big Asia socialism, Communist socialism, Globalist socialism, Democrat socialism, Muslim socialism

Mother Teresa: "Go home and love your family"..

Instead of changing the world for better place, change your nation, ...
Instead of changing your nation for better, change your family
...Instead of changing your family for better, change yourself for better
... It leads to your family happiness, national prosperity, and the world peace and stability
